

Hello Visual Snow and Eye on Vision Supporters,

Patients are actively being recruited for the imaging study and three subjects have completed it to date.

The questionnaire study has received several responses back, but not nearly the amount of responses back that we need. Please, when you receive the request to complete the diary, please complete and send back via the instructions. The first questionnaire that you send back is only part one. When the doctors write you back, they will need you to complete part two and send that back as well. I will include part one here again for those who have not completed this yet.

If you have visual snow syndrome, please send the information below to [vs-research@kcl.ac.uk](mailto:vs-research@kcl.ac.uk), and you will receive an email back with information regarding the study!

Please provide the following information within your email:

Name

Address

Date of Birth (Day/Month/Year)

Telephone number

1) Please make a brief statement that you are willing to be contacted for research. This is a European data protection issue.

example:

"Yes, please keep my contact details and you may contact me for research purposes."

2) Brief description of all symptoms you relate to visual snow syndrome.

3) Date or age when your symptoms started.

4) Visual snow: what type (choose one):

- black and white (i.e. only black dots on white background, white dots on black background)
- clear (i.e. color of the background)

- flashing (i.e. always white, brighter than background)
- colored
- all of these

5) Other symptoms (please only answer yes or no)

- After images
- Trailing of images in the vision
- Blue field entoptic phenomenon (i.e. white squiggly lines moving pulsating on the blue sky)
- Floaters in vision
- Colored clouds or waves with eyes closed
- Flashes of light
- Impaired night vision
- Sensitive to light
- Tinnitus

6) Have you ever been diagnosed with migraine or have you had a headache of moderate or severe intensity in the past? ( Please answer yes or no)

7) Have you ever taken any illicit drugs in the past?

Here is the email once more for you: [vs-research@kcl.ac.uk](mailto:vs-research@kcl.ac.uk)
